Memo: Waiver of NGOF Membership Fees for 2025 and 2026

Dear Valued NGOF Member Organizations,

Reference is made to the NGOF's Bylaws, Article 7.2.1, pertaining to 'Membership fees.' As stipulated therein, fees, the amount of which is determined by the organization's budget for in-country programs and administration, are due annually prior to the close of each calendar year.

The NGOF Board of Directors and management team received number of requests from the members and recognized the significant financial constraints currently faced by many of our member organizations. These challenges, stemming from limited funding opportunities, the withdrawal of USAID assistance, and other contributing factors, have been carefully considered.

Considering these circumstances, and after thorough deliberation, the NGOF Board of Directors and management team have unanimously decided to **waive all membership fees for the calendar years 2025 and 2026.**

This decision has been made to alleviate some of the financial burden on our members during this challenging period, allowing you to better focus your resources on your vital in-country programs, and responding to the needs of the communities and climate crisis.

We will continue to monitor the evolving situation closely. Further notification regarding membership fees for subsequent years will be provided in 2026.

We remain committed to supporting our member organizations and working together to navigate these challenges. We appreciate your continued dedication to the mission of NGOF.
